

Edudata has in place research data services on cost recovery basis.

The following general information is intended to assist researchers with planning costs for RA submissions and grant proposals. Costs vary depending on the time, complexity and data involved.

On request, we will provide a feasibility letter that details available data and outlines the estimated costs.

There is no charge to the researcher for initial conversations related to available data and the RA process.

Research Agreement Application

- Research Agreement application support
- Liaison with the Ministry of Education
- Follow-up for data destruction
- Follow-up for publication review \$1,500 - \$3,000

Data Delivery (approved storage device and courier)	\$150
Data Archiving (per RA)	\$250
Additional support	\$100/hr
Amendments	\$250

Data Preparation and Delivery

Data	Fee
Final Marks	\$600
All Course Marks	\$600
Foundation Skills Assessment 1999/2000-2006/2007	\$600
Foundation Skills Assessment 2007/08-2013/14	\$600
Student Credential	\$600
School History	\$600
Satisfaction Survey	\$900
All Exam Marks for examinable courses	\$600
Cohort (demographics, schools, districts attended, retention)	\$600
